Rising Stars Shine Bright: Kinnik Sky Hosts Exclusive Stars and Sky Summer Acting Intensive & Showcase in Atlanta

Red Carpet Event Celebrates Diversity, Talent, and the Future of Youth in Entertainment

Atlanta, GA – From July 28 to August 1, 2025, Atlanta becomes the backdrop for a transformative training experience as Kinnik Sky, 7-time NAACP Theatre Award-winning writer, director, and on-set acting coach for Disney and ABC, presents the Stars and Sky Summer Acting Intensive & Showcase—a private, invite-only program designed to elevate young actors into the next generation of stars.

The week kicks off with "The Dream is Real" Welcome Breakfast on Monday, July 28 at 8:45 AM at Synchronicity Annex Rehearsal Theatre, where participating campers and their families will be welcomed into their transformation.

Following a week of immersive training in on-camera technique, audition prep, industry etiquette, and scene study, the experience culminates in a **red carpet showcase on Friday, August 1**, attended by some of the industry's most influential casting directors, producers, and agents.

"Our mission is to elevate, develop, and spotlight rising stars," says Sky. "When young talent is nurtured with care, structure, and belief, it's incredible what they can achieve. This isn't just a camp—it's a career launchpad."

Sky recently made waves in the industry with her pilot *IntelliGent*, which earned **Best Series** nominations at the **American Black Film Festival** and **Diversity in Cannes**, where her 8-year-old star took home the **Breakthrough Performer** award. Now, she turns her attention to mentoring a new wave of talent with the same level of excellence and passion.

The Summer Intensive emphasizes **diversity**, **professionalism**, **and power in storytelling**, giving young actors the tools to succeed not just on stage—but in life.

"There is so much brilliance in our children," Sky adds. "This program ensures they are seen, heard, and prepared."
